

# One app, total control

*Discover the renewed 5S app!*

The 5S App from 5S Company has been renewed and improved! Monitoring, securing, and maintaining 5S within your organization is now even easier. Discover how to achieve and maintain more control, insight, and results while preserving your investment.

## Discover the features of the 5S app

-  **Custom digital checklists**  
Immediately document deviations and situations
-  **Manage actions**  
Assign actions to team members and track them in real-time
-  **Synchronize with calendars**  
Schedule 5S appointments directly in all calendars
-  **Real-time reports**  
Insight into progress and results at any time
-  **Audit support**  
Document 5S audits, including scores and findings
-  **Maximum flexibility**  
The app is suitable for all 5S phases
-  **Applicable across sectors**  
Suitable for various industries

## Track real-time progress

Manage and improve 5S processes, quickly and easily document situations, deviations, and actions. Schedule inspections and audits and track real-time progress with the 5S App. One app, for every device, accessible and available to everyone.

*Securing and improving 5S has never been so easy*  
**Visibility on safe and efficient work - anytime, anywhere**

- ✓ User-friendly and accessible, everyone can get started with 5S
- ✓ Save time and costs with efficient audits and quick follow-ups
- ✓ Increase safety, enhance quality: standardize, validate, and certify
- ✓ Know what needs to be done and when, and make 5S success predictable
- ✓ Gain complete control over processes for a smooth, successful LEAN transition
- ✓ Recurring results and continue saving from the investment of the 5s implementation

**Conduct rounds  
/ audits**

**Document  
Situation**

**Describe  
Situation**

**Add  
Actions**

**Discuss  
Situations**

**Follow up on  
Actions**

"With the renewed and improved 5S App, we set a new standard in securing and improving 5S. Our mission is to support companies with a user-friendly and powerful tool, making 5S not just a process, but a sustainable success formula. From the shop floor to management."

**Dennis van de Bunt, 5S Company**
